

**Health & Community Services Union (HACSU) Victoria**  
**Branch Committee of Management resolution on Palestine**

**17 June 2010**

HACSU believes in the right of both Israel and Palestine to live in peace and security within recognised borders and call on Israel to abide by UN resolution 242 and end the occupation of the West Bank and Gaza.

HACSU calls on Israel to uphold International law, including the immediate dismantling of the 'Separation Wall' being built on Palestinian land, the cessation of illegal settlement building, an end to arrest and detention without trial and the right of return or just compensation for Palestinian refugees.

HACSU condemns the military siege imposed on the people of Gaza and calls for its immediate end.

In solidarity with Palestinian unions we resolve to offer our full support to the global Boycott Divestment & Sanctions campaign, including a consumer boycott on companies profiting from the occupation, until such time as Israel abides by International law.
